

## BREAKING NEWS FOR ALL GETMEKNOWN CLIENTS AND DATABASE USERS.

1. GetMeKnown.co.za has grown large enough with your support and we decided to acquire microchips with an unique code as the Getmeknown identifier (933xxx).  
Our Microchip are the smallest 1.4mm certified by ICAR and thus conforming **to FDX-B (15digits) and the important ISO 11784 and ISO 11785 standards as internationally required for import and export.** You are safe in our hands.  
Our starting code for microchips is **933xxx(15 digits)** identify GMK as the database and supplier.
2. We are also going "GREEN".  
To support our company logo and color the disposable syringe's plunger and Halo Scanner plunger will be green in color. See below.

THANK YOU FOR YOUR SUPPORT. We will continue to provide quality products that are **adhering to all the required standards.** We provide you the quality that you deserve.
