# Introduction to Get Me Known

---

Get Me Known (Lusahn CC t/a Get Me Known) is an online Pet Database that allows you to register your Microchips that are injected into your pets. The system is designed to give you complete control over your pet information.

Features include, but not limited to:

- Microchip Management, manage your own microchip information and update it when you see fit.
- Personal Details Management (Your name, address, etc.), changed address or telephone number? Just go online and change it, no need to waste time waiting for us to do it when you could have done it in 5 min.
- Transfer of Ownership, allow you to transfer ownership to of your micro-chip. Great if you just bought the pet, simply give us the Microchip number. Then the other owner will either accept or ignore your request and if accepted you should have the pet linked to your account. Without typing any information about the PET!
- Generate Certificates in PDF format or let us just send the certificate for you to a E-Mail address of your choice.
- Detailed logging allows you to see precisely when you did what. Logging is tailored so any owner of a pet can see what happened to the pet in the past.

Join us at <http://www.getmeknown.co.za> and become a part of the family.

# Registering a Account

To perform any account related action on **Get Me Known** (<http://www.getmeknown.co.za/>) you will need an account, and creating one is quite easy.

**Register // Register a Account to Manage Micro-chips.**

Please Complete all Fields. Fields marked with (\*) are Required

# Register a Microchip

To Register a microchip you will first have to have a account which you can create by following [Registering a Account](#)

After you have created a account you will need to Login (<http://www.getmeknown.co.za/account/login>), this is done by providing the E-Mail Address you used to register and the password for your account.

Register Micro-Chip

Practice	The practice name of the Person that did the injection. This is Optional.
Name	Name of the Person that did the injection
E-Mail	The E-Mail address of the Person that did the injection. <b>This is optional</b> but we need either the E-Mail or the Telephone Number of the Person
Tel	The Telephone Number of the Person that did the injection. <b>This is optional</b> but we need either the E-Mail or the Telephone Number of the Person.

---

After you have completed all the required details you will then be taken to a page where you will be able to either view the Certificate online or send the Certificate in a E-Mail to someone.

The screenshot shows a web application interface for a dog's microchip profile. At the top, there is a navigation bar with links for Home, Products, Order, User Guide, Legal, Contact, My Account, and Logout. Below the navigation bar, the page title is "Profile Actions for Micro-Chip". There are three buttons: "View Certificate" (green), "Certificate as PDF" (orange), and "View History" (grey). To the right, the dog's name "Grumpy" is displayed next to a blacked-out ID number. Below the name is a photograph of a dog lying on grass. Underneath the photo, there is a "Send in E-Mail" section with a text input field for the recipient's email address and a "CC (Multiple E-Mail Seperated by space)" field. A red warning message states: "Remember! E-Mails can get lost in cyberspace, please check with the recipient if they received the E-Mail." Below this are two buttons: "Send the Certificate" (green) and "Back" (red). At the bottom of the page, there is a footer with three columns: "Web Development" (Developed by Johann du Toit, contact info), "Sharing is Caring", and "Proudly Sponsored by Lusahn" (Breeder's Approved Nutrition, website URL, and logo).

Your Microchip has now been registered and to add more simply repeat the process. Thanks for reading if you have any more questions please contact us (<http://www.getmeknown.co.za/contact>).

# Perform a Transfer Request

As a User of **Get Me Known** you can transfer ownership of a microchip to a new owner which is great if you just bought a puppy or received a pet for any other reason. To Receive Ownership of a Microchip you will need to Make a Request and wait for the current owner to login and then approve your request. **No need to type in any information about the Pet To Start Login** (<http://www.getmeknown.co.za/account/login>), or register (<http://www.getmeknown.co.za/account/register>) if you don't have an account. Then in the Main Menu on your profile page select "Transfer Request".

After you clicked the "Transfer Request" button you will be presented by a page that asks for the 15 Digit Microchip Number of the Microchip you want to obtain ownership of. Here you will type the key and if correct you will be redirected to a page where you can review the details of the pet and then start the transfer request.

Now you will need to wait for the Current owner of the Pet to approve your Request. But in the meantime the pet will be listed on your Profile Page with a pending button. If you follow this button you will be able to resent the request if you so wish. **But if it's been a long time consider contacting the owner and reminding them.**

# Approve a Transfer

As a User of **Get Me Known** you can transfer ownership of a microchip to a new owner. When someone requests a transfer of one of your microchips you will receive a E-mail from us telling you this and when you Login (<http://www.getmeknown.co.za/account/login>) you will see the request pending next to the record of the Pet.

Manage Registered Micro-Chips	CHIP CODE	PET NAME	STATUS
<a href="#">Edit</a> <a href="#">Certificate</a> <a href="#">View History</a>	999000000000009	Grumpy	<a href="#">Request Pending</a>

When you follow this link you will be presented with a page that will list all the transfer requests that are still pending. You can then approve or decline a request, **Be Sure to check if the new owner you are approving is really your intended recipient as this cannot be reverted as you will need to request a transfer then from the new owner..**
